THE ALWAYS GOD: "Still Seeing" – 1 Peter 5:6-11

We have all felt at some point in time when something happens in our life, doesn't God see what's going on in my life? We may even think, is God turning His back on me? At some point, perhaps after our life here on earth is over, for all who have put their faith and trust in Jesus, things will be made clear of how God works everything out. We will realize we were never alone, God was on our side, bringing together plans of which we were completely unaware. The "ALWAYS GOD" is always seeing, He sees you and He cares.

God sees all we _____.

What is our _____?
